### Our Master at one Glance

**Research-focussed Training**

The Master's programme offers students a research-focussed training that is oriented towards the current regional and theoretical research foci of the professors and research assistants to take up contemporary issues of political and social relevance.

**Broad Methodological Training**

A solid and broad training in methods occupies a central place at the Cologne Department of Social and Cultural Anthropology. It enables students to conduct their own field research, engage in vocational practice or study abroad.

**We offer Regional Specialisations in:**

- Africa (especially East Africa, West Africa and Southern Africa),
- Asia (especially East and Southeast Asia),
- the Mediterranean, and
- the Middle East and North Africa (MENA)
- Ethnography at home
